2012: "I am currently in my sixth year of homeschooling my children ages 3-12. Prior to having children, I taught in the public school system for more than three years. My training and experience focused on children with special needs ranging from non-verbal to gifted. I am certified in both special and regular education in West Virginia. I am excited for the opportunity to work with you and your family. I am experienced in working with parents in planning and implementing Individualized Education Programs (IEP's) and am available to consult throughout the year as well as for portfolio reviews.

I am currently residing in the Morgantown area.

In accordance with WV Law, portfolio reviews will be based on Math, Reading, Language Arts, Science, and Social Studies. If you do not live in the Morgantown area, I am willing to work with you to assess your portfolio. Please contact me via phone or email with any questions or to make arrangements."

“I have evaluated portfolios for the past 17 years and have homeschooled my own children for the past 19 years. Prior to homeschooling, I taught in the public school system for seven (7) years, two (2) of which were spent teaching special education. I am familiar with individualized education plans (IEP) and feel comfortable evaluating special needs portfolios.

In accordance with the WV law, I ask that parents provide their child's/children's school work in the subject areas of math, reading, language arts, science and social studies. If you do not live in my region of the state, I am willing to work with you to make convenient arrangements to receive and return your portfolio(s). If you have questions, please email or call me.”

Serving homeschoolers primarily in the Eastern Panhandle of WV

I earned my degree at Shepherd University in Music Education and later completed my Masters in Elementary Education at WVU. I worked for Berkeley County Schools as an elementary music teacher for over 10 years before making the decision to stay home with my first daughter. Since then I have been blessed with over 25 children, most of whom have been foster children. I began homeschooling in 2005 when my oldest began kindergarten and presently teach three daughters.

I have been completing portfolio reviews for several years for WV homeschoolers and enjoy sharing the knowledge I've gleaned from fellow homeschoolers and passing it on to others. It's my goal to make your portfolio evaluation a positive, encouraging, enjoyable process.

"I am a former homeschool mother. I have evaluated portfolios for five years. I must have a preliminary meeting before scheduling for April, May or June. This meeting can sometimes be by phone or email. I do make one trip to the southern part of WV in June for a couple of days to do evaluations. I offer a family discount."
